

As a continuation of our observing Universal Precautions as related to pathogen exposure, our offices have taken additional measures in accordance with the CDC and State of CT Health Department, to protect our patients and staff from unnecessary exposure to COVID-19.

While the continuation of care is important and should not be taken lightly, you have the option to reschedule your appointment.

If you feel unsafe in this, or any of our offices, please LEAVE NOW and call us to reschedule your appointment

**If you believe you've been exposed to COVID-19, have returned from a cruise, or traveled to Europe or Asia within the past two weeks,
*PLEASE RESCHEDULE YOUR APPOINTMENT!***

If you are exhibiting respiratory symptoms, cough, or shortness of breath, you will be rescheduled.

It is our goal to help **STOP the spread of this, and all airborne pathogens:**

- Maintain "Social Distancing"
- Wash your hands frequently
- Use Hand Sanitizer, when available
- Do not touch your face
- Cover your coughs
- Avoid crowded locations
- If you feel sick, short of breath, or have a fever, call your PCP

PRECAUTIONS UPON ENTERING THE OFFICE

DO NOT ENTER the office, return to your car immediately, and call to reschedule your appointment if...

- You have tested positive for COVID-19
- You feel you have been exposed to COVID-19
- You are caring for a person who has tested positive for COVID-19
- You have a fever of greater than 100°F
- You are coughing, have chest pain, or shortness of breath
- You have traveled out of the country or have been on a cruise in the past two weeks
- You feel unsafe about entering this office

If you are **ENTERING** the office:

- Please have your driver or companion remain in the car
- Please limit those who accompany you to only those absolutely necessary
- Please maintain a six-foot distance from others in the waiting room
- Please use the provided hand sanitizer as well as restroom to wash your hands

To protect our patients, our staff has been instructed to:

- Stay home if they feel sick, have a fever, shortness of breath, have someone sick at home, or have risked exposure to COVID-19
- Maintain as much distance between patients as possible
- Use every other table for therapies
- Space chairs further apart in the waiting areas
- Wear masks and gloves if there is direct patient contact
- Refrain from unnecessary personal contact and sanitize hands frequently
- Routinely clean and sanitize all floors, equipment, and hard flat surfaces
